Aviation Corporate Services

## AMSTROW PROVIDES TAILORMADE SOLUTIONS TO SUPPORT COMPANIES ACHIEVE THEIR CORE OBJECTIVES

**Amstrow** is an independent financial services firm dedicated to assisting and supporting companies and business owners with all of their commercial and administration requirements.

**Amstrow's** Aviation Finance and Leasing Group is led by aviation industry specialists with over 100 years combined experience in commercial aircraft, private jets and financial structuring work. Our experience comes from assisting from the perspective of lessor, lender and advisor to airlines in various aircraft financing transactions. We have worked across a wide range of aircraft types and investor structures encompassing many different geographic jurisdictions.

**Amstrow** offers this experience and expertise for the benefit of its clients in order to deliver bespoke solutions for Aviation Corporate Services, Lease Management, Financing and Commercial Support in event driven situations. All our work and solutions are tailored to deliver results that achieve a client's specific objectives, requirements and demands while ensuring all obligations under various legal and tax requirements are adhered to.

We are active participants within the aviation market operating on a day-to-day basis in the sector. We are well connected, respected and pro-active in the work we carry out making us best placed to take a solution driven approach for our clients.

## TEAM EXPERIENCE

### SAMPLE PROJECTS

Established an in-house lessor for a family office owned aviation group. Provided a full suite of corporate and lease management services since inception and the continuity through event driven restructurings and trading activity. Amstrow's sector knowledge and deep reach into the market has enabled the underlying investment to consistently deliver.

Assisted a bank client following their repossession of an aircraft to set up a special purpose leasing company, Amstrow provides corporate and lease management services. The expertise of the Amstrow team has enabled the bank to protect their asset through a new lease and ongoing monitoring and oversight of key maintenance events.

Since 2019 Amstrow has supported a family office investor with their requirements for a leasing platform in Ireland. The platform has grown from one aircraft to eight aircraft, new debt and new equity has come into the platform and Amstrow have assisted through the journey of this new funding, additional aircraft and a corporate restructuring. We have also assisted with sourcing key components in order to extract maximum life from aircraft within the portfolio.
